

## **PLR 2018 - Eligibility rules**

The event is open to all Classic Yachts whose length on deck is greater than 7.50m of classes 1, 2, 3 as defined by the CCMA rule:

- a) Class 1 : Yachts designed before 31-12-1968 and built as one-off or in limited number but not mass produced by industry, according to the original design and without significant modification from the original state (significant modifications are changes of material for the hull, spars, keel and ballast or significant alteration to the sail and rigging plan)
- b) Class 2 : Yachts designed before 31-12-1968 and built as one-off or in limited number but not mass produced by industry, according to the original design but with one or more significant modification(s) to the original state. Replica built according to the original design drawn before 31-12-1968.
- c) Class 3 : Yachts designed between 31-12-1974 and 31-12-1968, built as one-off or mass produced and compliant with the original prototype built before 31-12-1974. Yachts designed and built later in the style and spirit of pre-1969 Classic Yacht are included in this class.

Sails must be assembled from stitched panels with visibly orthogonal weft and warp. Spars and boom can only be made of wood, aluminium or steel. Yachts built with sails, spars and boom in composite materials cannot participate in this event.
